

**STEDRANT TECHNOCLINIC PVT LTD bearing Corporate Identity Number U74999KA2017PTC100477** was founded on 14th February 2017 as an aid to Civil Engineering Community by a team of senior personnel with their earlier experience drawn from Torsteel Research Foundation in India and Civil-Aid Technoclinic Pvt.Ltd.The services offered encompass a wide spectrum of Civil Engineering activities including building materials testing services. Apart from Specialist Engineering personnel, STEDRANT also has a panel of Advisors who will help in special and critical assignments. STEDRANT, with the present infrastructure, has the expertise to understand and solve challenging problems in civil engineering.

STEDRANT offers its competitive services in the following diversified areas:

- Structural Design and Consultancy Services;
- Proof Checking and Advisory Services;
- Evaluation of Old & New Structures for their Structural Soundness,
- Restoration & Rehabilitation of Structures;
- Non-Destructive Testing of RC & Steel Structures;
- Geo-technical Investigation & Foundation Designs;
- Quality Assurance/ Quality Audit of Constructions;
- Stedrant has established an in house material and geotechnical testing laboratory for testing of all building and road construction materials. The non-destructive and semi destructive facilities for concrete and steel structures are established. The facilities are set up at Bangalore and Hyderabad.

The facilities at both Bangalore and Hyderabad are accredited by NABL as per ISO 17025-2005 for Mechanical testing (Construction Materials including soil testing) and Non Destructive Testing.

The team at STEDRANT will provide solutions to assist clients in managing and mitigating structural risk in large infrastructure projects. This ultimately contributes to enhanced project performance through improved overall quality and durability, reduction in project delays and the minimization of re-work.

The senior technical team of STEDRANT comprises of the following personnel:

**Dr. K. S. Jayasimha**, a Doctorate from I.I.Sc., Bangalore, formerly Head of Civil-Aid/

Head of Technical services–BUREAUVERITAS, heading STEDRANT as its Chairman. He has a teaching experience of 15 years. His fields of specialization are proof checking and structural designs of RCC / PSC / Steel structures / irrigation structures, Structural evaluation, Non-destructive Testing, Renovation / Restoration of Structures, Geotechnical Engineering and testing of Construction Materials. He has an overall experience of about 34 years in the above areas of specialization.

**Dr. M SSudarshan**, Doctorate from Visvesvaraya Technological University, formerly Managing Director(tech) in Civilaid and Head of QA/QC division of CIVIL AID/BUREAUVERITAS heading STEDRANT as its Managing Director. He has a total experience of 33 years in the field of structural designs, Geotechnical engineering, Non-destructive Testing, Rehabilitation of structures, Testing of construction materials and QA/QC of constructions. Before joining TORSTEEL/CIVIL AID he was working with M/s L& T, ECC division for about 5 years as a design engineer. He is a member of CED 2.2 Sub Committee of BIS on Concrete.

**Sri. S. Sudarshan**, a double graduate in Science who retired from Civil Aid as Senior Director- Restoration, is representing NDT Division as it's Senior Director. He has an experience of over 37 years in the fields of Non-destructive Testing, Renovation and Restoration of Structures, Structural evaluation, Inspection, testing and evaluation of bridges. He has a number of successful prestigious Restoration projects to his credit.

**Sunil V Sonnad**, an M.Tech in Structural Engineering from Mysore University, formerly Head of NDT and RR division at Civil Aid / BUREAUVERITAS is heading the NDT division as its Senior Director. He has a total of 32 years of experience in Non-destructive Testing, Renovation & Restoration of Structures, Evaluation of Structural Soundness/ Certification, Feasibility study for construction of Additional floors, Evaluation & Certification of Quality of Construction through NDT, Material Testing etc,. He has many successful projects to his credit. He is a member of CED 2.2 Sub Committee of BIS on Concrete.

**BVK Eswar**, an M.Tech in structures was Technical Director in Torsteel/CivilAid/Bureau Veritas, Hyderabad division. He is heading STPL, Hyderabad division as Senior Director. His fields of specialization are, Design / Proof checking of concrete and steel structures, Structural evaluation, Investigation and Restoration of structures, Non Destructive testing and Testing of Materials. He has an experience of 27 years in the above fields of specialization. He has been delivering technical lectures in various institutions.

**Smt. AnithaKasetty**, M.S from USA who was in charge of the Designs Division at Civil-Aid, is representing the Proof checking and Designs division as its Senior Director. Her fields of specialization are proof checking and structural designs of RCC / PSC / Steel structures / irrigation structures, Structural evaluation, Non-destructive Testing, Renovation and Restoration of Structures. She has an experience of about 20 years in the above areas.

**Dr. P S R NarasimhaRaju**, Doctorate from I.I.Sc, Bangalore, who was in charge of the Geo-technical Division at Civil-Aidis heading Geo-technical Division as its Senior Director. His fields of specialization are Geotechnical Engineering investigations, Foundation designs and Ground improvement schemes. He has an experience of over 20 years in the above fields of specialization.

**Dr R Nagendra**, has a Doctorate from Bangalore University in Concrete Technology. He was formerly Head of construction Material testing at CIVIL AID /BUREAUVERITAS. He is representing STEDRANT as its Senior Director, heading the Construction Material Testing Division. He has a total experience of 31 years. Prior to joining TORSTEEL/CIVILAID, he was a teaching faculty in an engineering college for 12 years.

He is a Chartered Engineer, NABL Technical Assessor and Auditor empanelled by QCI for RMC Production Certification Scheme. His fields of specialization include Testing of Construction Materials, Structural Systems, Concrete mixDesign, Self-compacting Concrete, Green Building Materials, Non- destructive testing. He is a Member of CED 2.2, sub-Committee of BIS on concrete.

**A FEW OF THE PROJECTS IN WHICH THE ABOVE TEAM WAS INVOLVED DURING THEIR TENURE AT TORSTEEL, CIVIL-AID AND CIVIL AID- BV ARE LISTED BELOW:**

**Designs / Proof Checking:**

- National Games stadia in Bangalore and Mysore for **Government of Karnataka.**
- Design of "University Senate Hall Complex" comprising of 32.5m x 32.5m grid floor system for **Mysore University**
- Design of "Heritage Estate", basement, ground + seven storeyed blocks for **M/s Unitech, Bangalore Ltd.,**
- Preparation of Technical Manual for Jal Nirmal Project for **M/s Karnataka Rural Water Supply and Sanitation Agency.** Design of "Corrosion free roofing system" for Cannery section of Mushroom Factory, Ooty for **M/s Hindustan Lever Ltd.**
- Design of "Commercial & Administrative Blocks" at Bus Stand and Depot, Bangalore for **M/s Bangalore Metropolitan Transport Corporation, Bangalore.**
- Design of 35 m height structural steel portal frames at UHV, RL, Hyderabad for **M/s Central Power Research Institute, Hyderabad**
- Design of waste water treatment plants for **M/s Hyderabad Urban Development Authority, Hyderabad**
- Design of Ground level reservoirs for **M/s. BWSSB.**
- Design of various capacity overhead water tanks for Jalnirmal project, Karnataka.
- Design of vented dam across Bedthi River Yellapur, Karnataka for **M/s. KUWS&DB, Dharwad.**
- Design of Hotel ATRIA at Palace Road, Bangalore
- Design of Raw water and Sewage water treatment units for **M/s Hindustan News Print Ltd. Kottayam.**
- Design/Proof checking various vented/earthen dams for **M/s K U W S & DB**
- Rehabilitation of Gurunanak Eye Centre Building, Phase-III – Blocks 1 to 5 for **M/s Public Works Dept. New Delhi.**
- Software blocks SDB4, 5 and 6 at Chennai for **M/s HCL**
- Software blocks at Bangalore for **M/s. HCL**
- Cluster 4 buildings at Noida for **M/s Shiv Nadar University**
- Sports Facilities all over India for **M/s Decathlon**
- Facilities all over India for **M/s Loreal**
- Medical Colleges at Koppal, Madikeri and Gulbarga for **M/s KHSDRP**

- Commercial complex "DLF Horizon" at Gurgaon for **M/s Shapoorji&Pallonji**
- Upgradation of Bangalore Cigarette factory for **M/s ITC**
- Mico Bosch Campus buildings at Bidadi and Adugodi for **M/s RSP**
- Commercial building for **M/s Modern Asset**
- Commercial towers "Brigade Magnum" and "Brigade Opus" for **M/s Brigade Group**
- Software building at Bangalore for **M/s Umiya Developers**
- Commercial towers "Tech Platina" and "Trinity Centre" for **M/s Prestige Group**
- Commercial Wings A, B and C of Goldmann Sachs project in Bangalore for **M/s RSP**
- MLCP and Commercial Development in Bangalore for **M/s Hinduja Realty Ventures Ltd**
- Software building of SAP for **M/s RSP**
- Commercial buildings at Mumbai for **M/s Raheja Group**
- Samudhaya Bhavana for **M/s BWSSB**
- Commercial Towers "L1 and L2" at Manyata for **M/s Embassy Group**
- Commercial Tower "Guptha Mall" for **M/s Aishwarya Heights Infra Pvt Ltd**
- Block 9 at Cessna Park for **M/s RSP**
- World Trade Centre at Bangalore for M/s CRN Architects, Chennai (2B+GF+ 30 upper floors)
- Commercial complex "DLF Horizon" at Gurgaon for **M/s Shapoorji&Pallonji** (4B+GF+Mezzanine+23 upper floors)
- Commercial tower (Composite Construction) "Prestige Trade Towers" for **M/s Prestige Group** (B+GF+27 upper floors)
- Commercial tower "Falcon Towers" for **M/s Prestige Group**
- Residential Tower in Bangalore for **M/s ITC Limited**
- Housing complexes all over Bangalore for **M/s Bangalore Development Authority**
- Residential Apartments at Mysore and Munger for **M/s ITC Limited**

- Residential Township in Bangalore "Prestige Royale Gardens" for **M/s Prestige Group**
- Residential Township in Bangalore for **M/s Indiabuild Homes Pvt Ltd**
- Residential Township in Bangalore for **M/s Mahindra Homes Private Limited**
- Residential Township "Nitesh Palo Alto" and "Nitesh Park Avenue" in Bangalore for **M/s Nitesh Group**
- Residential Townships "Brigade Golden Triangle", "Brigade Cosmopolis" and "Brigade Orchards" in Bangalore for **M/s Brigade Enterprises**
- Residential Tower "Brigade Caladium" in Bangalore for **M/s Brigade Group**
- Residential Township "Lakeside Habitat" in Bangalore for **M/s Prestige Group**
- Residential towers "Jade Pavilion" in Bangalore for **M/s Prestige Group**
- Residential Apartments "Crown Green" in Pune for **M/s International Biotech Park**
- Residential towers "Sterling Ascentia" for **M/s Sterling Group**
- Residential towers "Ananda" in Bangalore for **M/s Stump Schuele and Somappa Ltd**
- Residential tower "Panorama" in Bangalore for **M/s Golden Gate Properties**
- Residential developments "Chirping Woods", "Shriram Greenfield" and "Shriram Luxor" for **M/s Shriram Properties.**
- Residential developments "Nitesh Knightsbridge", "Nitesh Chelsea", "Nitesh Melbourne Park" and "Nitesh Virgin Island" for **M/s Nitesh Group -5-**
- Residential development "Windchimes" for **M/s Mahindra Homes Pvt Ltd**
- Residential Towers "Pride Palatia" for **M/s Pride & Expert Properties Pvt Ltd**
- Residential tower "Presidential Tower" in Bangalore for **M/s Golden Gate Properties**
- Residential developments at Yamlur and Yelahanka for **M/s Divyasree Developers**
- Residential Township in Chennai for **M/s Sanghvi & Doshi Enterprises** (5 towers-B+GF+23 upper floors)

- Residential Township in Bangalore "Prestige Royale Gardens" for **M/s Prestige Group** (14 towers – B+GF+19 upper floors)
- Residential Townships "Brigade Golden Triangle" "Brigade Panorama" and Brigade Cosmopolis" in Bangalore for **M/s Brigade Enterprises** (Various number of towers - 2B+GF+18 upper floors to 20 upper floors).
- Residential Apartments "Crown Green" in Pune for **M/s International Biotech Park** (B+GF+22 upper floors)
- Residential Tower "Vajram Tiara" for **M/s Vajram Group** (2 towers B+GF+17 upper floors)
- Commercial Complex at Whitefield for **M/s Aubergine Properties** (B+GF+ 18 upper floors)
- Residential development "Chirping Woods for **M/s Shriram Properties** (5 towers – B+GF+24 upper floors)
- Residential development "Shriram Greenfield" for **M/s Shriram Properties** (9 towers – 2B+GF+podium +18 upper floors)
- Residential Tower for M/s B & B Infrastructure Ltd (2B+GF+23 upper floors)
- Residential development "Prestige Kenilworth 1" for **M/s Prestige Group** (3B+GF+23 upper floors)
- Residential tower "Marquis" in Bangalore for M/s Siddha Shekha Developers (2B+GF+22 upper floors)
- Proof checking of structural designs and drawings of Mynah Properties at Bangalore (1B + GF + 26 floors), 5 Blocks
- Proof Checking of Structural Designs and Drawings of residential complex "Prestige Highfields" at Hyderabad for **M/s Prestige Group** (3B + GF + 28/30/32upper floors) 10Towers
- Proof Checking of Structural Designs and Drawings of residential complex "Embassy Springs" at Bangalore for **M/s Synergy Group** (1-2 B + GF + 14/18 upper floors) 5 Towers.

- Proof Checking of Structural Designs and Drawings of proposed Hotel Building "NOVATEL" at Bangalore for **M/s Interglobe Hotels Group**
- Proof Checking of Structural Designs and Drawings of residential complex "77degree West" at Bangalore for **M/s DivyasreeGroup** (2B + GF + 14 upper floors) 4 Towers
- Proof Checking of Structural Designs and Drawings of "Reva University Building" at Bangalore for **M/s Divyasree"Group**
- Proof Checking of Structural Designs and Drawings of residential complex "Prestige Central" at Bangalore for **M/s Prestige Group** (2B + GF + 7 upper floors)
- Proof Checking of Structural Designs and Drawings of Office complex" Maratt Smart City" at Kochi for **M/s Maratt Group** (2B + GF + 6 upper floors)
- Proof Checking of Structural Designs and Drawings of proposed Hotel Building "LE-FOLIAGE" at Bangalore for **M/s Sumo Properties**(2B + GF + 6 upper floors)

**RESTORATION / REHABILITATION OF STRUCTURE & NON-DESTRUCTIVE TESTING OF STRUCTURES**

- Investigation of Ground level service reservoirs at Chord road, Byrasandra, Frazer town, Malleswaram for **M/s BWSS&DB, Bangalore**
- Investigation and restoration of collapsed vented dam at Dharmastala for **M/s. KUWS&DB, Bangalore**
- Investigation of incomplete buildings at NTR University of Health Sciences, Vijayawada, AP
- Investigation of HUDA Commercial Complex, Hyderabad, Andhra Pradesh
- Structural evaluation of various earthquake distressed structures in Gujarat.
- Non-destructive testing of bridge at International Airport at Mumbai.
- Investigation of PSC bridge across river Krishna, Srisailam, Andhra Pradesh
- Investigation of Coal Tower building at Kalinga Nagar for M/s Jindal Stainless Steels, Orissa

- Investigation of 90m RCC Chimney at Hospet, Karnataka for **M/s MSPL**
- Structural Evaluation of various buildings, Tiruvottiyar at Chennai for **M/s. Tilts.**
- Structural evaluation of various steel structures in Toyota Kirloskar Plant at Bidadi, Bangalore.
- Structural Evaluation of existing buildings of **M/s ITLD Rajamundry.**
- Structural evaluation of existing factory building of **M/s ASAHI, Chennai.**
- Evaluation for structural stability of drug manufacturing Unit at Bangalore for **M/s Astra Zeneca at Bangalore**
- Load carrying capacity of top floor of Public Utility Building at Bangalore
- Feasibility study for additional floor over existing Nimhans Library building
- Assessment of soundness of existing 15 nos, of GLSR at Bangalore for **M/s BWSSB**
- Assessment of fire damaged Infosys Software Technology Building at Pune
- Evaluation of structural soundness of existing buildings at MicoAdugodi plant.
- Assessment of shift in alignment due to flash floods in Garkhekhadi bridge and suggesting remedial measures for realignment
- Strengthening of distressed hinges supporting Hunsikatti aqueduct
- Feasibility study for additional floor in academic and hostel blocks of M/s IIIT Building at Electronic City, Bangalore
- Renovation of heritage building -Dharwad Arts & Science College, Karnatak University
- Assessment of structural soundness and recommending strengthening measures for deficient rc members at Prestige Shanthiniketan
- Feasibility study for construction of additional floors for **GURU-JANA**
- Conducting UPV and DPT tests welds of Grand Staircase at **REVA UNIVERSITY**
- Structural Stability Assessment of **Notre Dame school at Mysore**
- Conducting Non-Destructive Tests on Columns and Slabs of Block A5 of **M/s**

### **Shyamaraju Group**

- Extraction of concrete cores from columns for assessing the strengthening of in-situ concrete for **M/s SBR Group**
- Extraction of concrete cores from spillway of Alamatty Dam for **M/s Krishna BhagyaJala Nigam, Govt. of Karnataka.**
- Structural soundness assessment of corporate building Divyasree Chambers for **M/s Divyasree Group.**

### **Quality Monitoring and Assurance**

- a) Office buildings at Velankanni Complex, Electronic City, Bangalore for M/s Velankanni Information Systems
- b) Hospital complexes in Karnataka by M/s KHSDP, a World Bank project
- c) Training centre at Volvo factory, Hoskote near Bangalore for M/s Volvo Ltd
- d) Construction of ware houses (about 300 nos.) all over Karnataka State for M/s Karnataka State Ware House corporation.
- e) R&D Centre complex at Yeshwantpur for M/s National Institute of Design, Ahmedabad
- f) Construction of concrete roads in the congested City Market area, Bangalore for Bangalore City Corporation
- g) Independent quality inspection of infrastructure works in 11 coastal towns of Karnataka under KUDCEMP, a ADB funded project , for M/s Binny Black & Veatch, PMC from Asian Development Bank
- h) Construction of seven star hotel at electronic city, Bangalore for M/s Velankanni info systems
- i) Construction of residential layout with all infra-structure over 1100 acres at Mysore for M/s S&S Infrastructure, Mysore
- j) Quality supervision of road widening works of Bangalore Metro in reach 2 and 3, for BMRCL
- k) Quality supervision of construction of 2 residential layouts at Bangalore with 310 houses for Bangalore Metro at Bangalore
- l) Quality inspection of Inner strengthening of Tungabhadra left bank canal

works during the year 1998,1999,2000,2002,2004 & 2006.

- n) Construction of 80m high water tank for acoustic suppression system for M/s ISRO at Sriharikota.
- o) Quality supervision of construction of 1000 houses for the displaced families at Rajgir,Bihar for M/s Rajiv Gandhi Housing Corporation
- p) Building Condition Study of partial or full dismantling of buildings in reach 2 and 4 ofBangalore Metro, for M/s BMRCL
- q) Construction of Medical College Complexes at Madikeri, Koppal and Gulbarga for M/s Karnataka Health Systems and Reforms Development Projects
- r) Construction of about 1100 houses for police personnel in Mysore, Mandya and Chamarajnagar districts for M/s KSPHCL, Bangalore.
- s) Construction of 6.7 km long Concrete pavement in Mysore City for M/s KPWD, Mysore

### **Geo-Technical**

- Geotechnical Investigation for Bangalore Water Supply and Sewage Board (BWSSB) project for improvement of Sewerage system under Bangalore Water Supply and Sewerage Project (OECF loan ID - P 109)
- Geotechnical Investigation for Water Supply projects at Karwar, Ankola, Sirsi, Bhatkal and Dandeli towns in Karnataka under KUDCEMP project funded by Asian Development Bank.
- Mahathma Gandhi Hydro Electric Tail Race project at Jogfalls, Karnataka
- Geotechnical Investigation for DPR studies Bangalore Metro Rail Project, Bangalore
- Analysis and Design of foundation for the Bangalore Metro Rail Project, Bangalore
- Analysis and Design of Earthen Bunds for 339MLD Sewage Treatment Plant, adjacent to Musi River, Amberpet, Hyderabad.
- Analysis and Design of Soils for design of Chitravathiearthen Dam near Bagepalli, Karnataka.
- Analysis and Design of foundation for Railway Bridge on Kanva River near Channapattana
- Analysis and Design of foundation for Road Bridge on River Shimsha, near

Maddur

- Analysis and Design of foundation for Road Bridge on Kanva River on Bangalore - Mysore Road
- Analysis and Design of two Rail over Bridges on Bangalore - Mysore Road
- Analysis and Design of foundation for ROB at Bagalkot
- Geotechnical Investigation for Rail over Bridge and Grade Separator crossing near Benniganahalli under Megacity Project, Bangalore
- Geotechnical Investigation for Richmond Circle Flyover, Bangalore
- Testing and Evaluation of Subgrade properties for Sunrise Project, Bangalore
- Quality Assurance of site gradation for M/s. Kirloskar Car Project near Bidadi, Bangalore
- Slope Stability analysis for Vamanjur Naval Base Project near Cannanoor, Kerala
- Quality Assurance for inner strengthening works for Tungabhadra left Bank Canal during Canal Closure 1999, 2000, 2001, 2005 and 2006.
- Geotechnical Investigation for high rise residential apartments for M/s. Beary's properties, M/s. Atria Holdings, M/s. Sobha Developers and many more.
- Geotechnical Investigation for some industrial structures such as HPCL, Mangalore, Pig Iron and Spun Pipe project, Mangalore, Power Plant-ITC, Bhadrachalam, Bentonite Grinding system, Mangalore, Wind energy converters at different location in Chitradurga, Gadag and Haveri Districts, PGCIL Microwave Communication Towers in South India.
- Geotechnical studies for determining dynamic properties of ground for the proposed Human Centrifuge Centre at Institute of Aerospace Medicine, Bangalore for m/s. AMST System Technik, Austria
- Geotechnical Investigation for the construction of Storage reservoir in Kumarapatnam for M/s. Grasim industries Ltd.
- Geotechnical Investigation for the construction of vented dams in Karnataka for

M/s. KUWS&DB

- Evaluation of subsoil condition and stabilization of made up ground of NETAPP building at ITPL main road, Bangalore for **M/s NETAPP India Pvt. Ltd**, ITPL main road, Bangalore.
- Geotechnical Investigation and design of foundation for Water Treatment Plant at Tiptur for **M/s Shriram EPC Limited, Chennai**.
- Design review of impounding reservoir by carrying out independent analysis for stability of bund at Siriguppa Ballary district for Karnataka Urban Water Supply and Drainage Board.
- Geotechnical Investigation and design of foundations for High rise building near Marathahally for **M/s Prestige Estates Projects Pvt. Ltd**.

**Material Testing:**

**I. Involved in laboratory tests, carrying out mix design trials and reporting with recommended mix proportion for the following major projects:**

- a. Bangalore Metro Rail Corporation, Phase 1 & 2 Bangalore
- b. Second Launching Pad at ISRO Shriharikota, Chandrayana Project at Bangalore.
- c. Buildings at MCF Hassan, D-Liquid Propulsion system at Mahendragiri
- d. Nuclear Power Project , NPC, Kalpakkam, NPC Kaiga
- e. Construction of "Vikassoudha", Vidhanasoudha south Block Bangalore, Suvarnasoudha, Belgaum.
- f. Construction of Sirsi Circle Flyover, Hebbal Circle Flyover, BETL Hosur Road, Bangalore
- g. Construction of extension Building for Standard Chartered Bank, Chennai
- h. Construction of IT Parks, Raheja Builders, Hyderabad
- i. National College Fly Over, Rani Chennamma Circle Flyover, Padmanabhanagar BMP, Bangalore
- j. Pavement construction for Air show, Air Force, Bangalore
- k. Construction of Staff Quarters , HAL, Bangalore

- l. Construction of Channarayapatna Product Diary, NDDB, Bangalore
- m. Construction of Laboratory buildings, NCBS, Bangalore
- n. Construction of Transmission towers at Kolar, Hiriya, Power Grid Corporation of India,
- o. Construction of Sports Complex, L&T, ECC Group, Puttaparthi, Andhra Pradesh.
- p. Kaiga Township, Kaiga for M/s Nuclear Power Corporation.
- q. Waste Water Treatment Works at various sites in Bangalore for M/s BWSSB, Bangalore.
- r. Involved in Hyderabad Metro, Cochin Metro, Nagpur Metro, Chennai Metro

**II. Bituminous Concrete Mix Design/ Quality Assessment works:**

- a. Construction of internal roads at "India School of Business" , Hyderabad
- b. Construction of Roads at Sirsi for M/s KUIDFC, Karwar.
- c. Improvements and maintenance of Bangalore-Nelamangala section of NH-4 for M/s Span Consultants, Bangalore
- d. Quality assessment of "1000 km Road Packages" for BMP, Bangalore
- e. Roads at M/s ITC Sunrise Project, Bangalore

**III. Concrete Mix Design and other material testing services provided to various projects including Testing and Evaluation of Construction Chemicals/Construction Aids:**

- a) Testing of Bonding Epoxy for Precast Segmental Bridge Construction M/s DMRC , New Delhi.
- b) Testing of Bonding Epoxy for Hebbal Fly Over (Precast Segmental Bridge Construction) Bangalore Development Authority, Bangalore
- c) Testing of Chemical Admixtures for RAPP, M/s NPC, Rajasthan
- d) Testing of Polysulphide sealant for Southern Railways, KGF
- e) Testing of Superplasticisers for M/s Sika, M/s Fosroc (India), M/s Basf as per ASTM/BS/IS Standards
- f) Evaluation of Epoxy Coated rebars for M/s PSL Holdings, Mumbai
- g) Evaluation of Galvanised rebars for M/s Hindistan Zinc Pvt. Ltd., Mumbai.

- h) Testing of Bonding Epoxy for M/s Sika, M/s Fosroc(India), M/S Basf , M/S Krishna Conchemas per FIB Standards
- i) Testing of Polysulphide Sealants for M/s Sika, M/s Fosroc(India), M/S Basf as per ASTM/BS/IS Standards

#### **IV. Study Projects:**

- a) Extensive study of utility of BF Slag/ LD Slag for M/s Jindal, Bellary in construction works
- b) Extensive study of utility of STEEL SLAG for M/s TATA Steel, Jamshedpur
- c) Study on Cementitious Materials such as Alcofine, Ultrafine Flyash, Nano Silica for various companies
- d) Study of Construction aids such as PP Fibres/ Glass fibres/ Carbon Fibres

**Afull-fledged laboratory for testing of Construction Materials & Components is set up and is in operation.**
