

Dear Sir,

Please allow us this opportunity to introduce our company M/s **Topnotch Testing Services Private Limited**, is an ISO/IEC 17025:2005 certified (NABL Accredited Laboratory) independent full-service testing and QA/QC organization.

We have commenced operations in Hyderabad to provide the highest level of QA/QC services to meet the growing needs within the construction and manufacturing sectors. Please take moment to pursue the enclosed brochure that introduces our company and a portfolio of our services.

Our Laboratory is staffed with qualified QA/QC engineers and offers the following field and laboratory services. We are rapidly expanding our portfolio to provide complete range of services within the near future.

A. SERVICES CURRENTLY OFFERED:

1. Laboratory Services: for Construction Materials

- a. Coarse & Fine Aggregates: Sieve Analysis, Specific Gravity, Water Absorption Bulk Density, Silt Content, Bulking, Moisture Content and absorption, Flakiness & Elongation, Crushing Value, Impact Value, Abrasion value, Deleterious Material, Soundness, Alkali Aggregate reactivity.
- b. Cement: Fineness, Initial & Final Setting, Soundness, Compressive Strength Test & Chemical Analysis.
- c. Bricks: Water Absorption, Compressive Strength, Dimensional Analysis, Efflorescence.
- d. Concrete: Mix Designs, Density, Slump Test, Compressive Strength Test, Core Cutting & Testing, Ultra sonic Pulse Velocity (NDT), Digital Rebound Hammer (NDT).
- e. Masonry: Field Inspection, Grout Samples Casting and Testing.

- f. Soils: Field Dry Density, Liquid Limit, Plastic Limit, Moisture Content, Bulk Density, Free Swell Index, Sieve Analysis, Specific Gravity, Standard & Modified Compaction Test, California Bearing Ratio(CBR), C & phi values by Direct shear test.
 - g. Reinforcement Steel: Mechanical, Physical, and Chemical Properties.
 - h. Rock: Classification, Compressive Strength, Hardness Test.
 - i. Bitumen: Binder Content, Penetration, Flash & Fire Point, Ductility, Softening Point, Viscosity, Extraction, Density, Design Mix.
2. Chemical Analysis: Chemical Analysis of Building materials like Cement, Water, Soil, Sand and Steel.
- a. Cement Analysis: Loss of Ignition, % of SiO_2 , CaO , MgO , Al_2O_3 , Fe_2O_3 , PPM level for Na_2O , K_2O . Insoluble residue, Sulphuric anhydride.
 - b. Water Analysis: pH, Alkalinity, Sulphates, Chlorides, Total dissolved Solids, Total Suspended Solids, Hardness.
 - c. Sand: Conc Hcl Test.
 - d. Steel: % level of Mn, Cr, Ni, Si, C, P, S
 - e. Soil: pH, Sulphates, Chlorides, Soil Resistivity (lab), Redox Potential.
3. NDT Services: Visual, Ultrasonic, Magnetic Particle, Dye Penetrant, Rebound Hammer and Ultrasonic Pulse Velocity.
4. Welding: We provide welding consultancy including equipment/ various types of materials using MMAW, TIG, Brazing, MIG/ MAG, FCAW, SAW, Spot welding process, setting and selection of welding parameters, preparation of WPS, PQR & Welders Qualification tests. Further we train and certify your welders and provide welding technology / inspection, quality assurance courses for engineers at your works.
5. QA/QC Audit: We have Qualified Personnel to perform QA/QC audit to check compliance with quality plans for a project or organization. This includes the verification of Procedures, Checklists, Certificates and Documentation.
6. Other Services:
- a) Pressure Testing of Compressors and Pressure Vessels.
 - b) U T Thickness gauging.
 - c) Road roughness survey

B. CLIENTS

A partial list of our clients includes:

Government Sector Clients:

- Roads & Buildings, National Highways Department, Government of Telangana,
- Dept. of Space (Govt. of India) – National Remote Sensing Centre – IMGEOS Project
- Greater Hyderabad Municipal Corporation, JnNURM Housing.
